Scanner Ship of the Month Index

Compiled by Capt. Gerry Odderkirk & Ron Beaupre in 2007, with additions to November 2025 by Walter Lewis.

This index will be updated on a regular basis as new features appear in "Scanner."

Note: The suffix added after each name designates the sequence of vessel renames. For example FRENCH RIVER was the (a) name and NOVA was her final and seventh renaming, (g). The designation UNO means this name was painted on the ship but never registered as such.
