

## Scanner Ship of the Month Index

To search for a particular vessel enter the name in the search box at the top and press enter.

Compiled by Capt. Gerry Ouderkirk & Ron Beaupre in 2007, with additions to 2016. To view sold out issues go to the Toronto Marine Historical Website [www.tmhs.ca](http://www.tmhs.ca) and choose Scanner Archives

This index will be updated on a regular basis as new features appear in "Scanner." Note: The suffix added after each name designates the sequence of vessel renames. For example FRENCH RIVER was the (a) name and NOVA was her final and seventh renaming, (g). The designation UNO means this name was painted on the ship but never registered as such. An asterisk after the date of issue indicates this issue is no longer available.
